WHAT ON EARTH.

Is the reason people will not, cannot, or do not see any difference in cheap nostrums put up by Cheap John horses or irresponsible parties at enormous profits, rather than take a medicine of world-wide reputation and one that is giving universal satisfaction at equal cost? Not because the world is making such unparalleled satisfaction for purifying the blood as Dr. Bosanko's Blood Purifier and Blood Maker, and every bottle that does not do its work will cost you nothing. CROUP CAN BE PREVENTED.

We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands

of cases, and you may depend upon it that when a child takes the croup, it is wholly owing to the negligence of its parents. True croup never appears without warning and timely warning; a few hours or a day or two before the attack the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy as directed with each bottle, under the heading, "to prevent croup," will dispel all symptoms of the disease. Can you afford to risk so much for so little? This remedy is large and frequent doses, which are always required, as it contains no injurious substance. As a proof of this fact, we refer to John L. Olson, of Des Moines, Ia., whose 10-year-old boy drank the entire contents of a fifty cent bottle of Chamberlain's Cough Remedy without the least injury. For sale by H. M. Parchen & Co.
